

Welcome!

ALL ABOUT TRAINS

Sponsored by the CT Department of Transportation

With so many benefits to adults and kids alike, it's never too early to learn about the many advantages of riding public transit! All About Trains is an enjoyable and interactive curriculum taught within an engaging two-part program. We introduce students to our state's rail system with a fun classroom presentation — and an optional school led field trip supported by CTrail where students will visit one of our stations and ride one of our trains.

Part One Classroom Presentation

15-30-minute interactive presentation

Students will learn:

- Benefits of riding the train
- How to ride the train
- Rail safety awareness

Students will receive special leave-behind goodies to take home.

What we'll need from you.

- Space for presentation (classroom/assembly room)
- Students

Part Two Optional Field Trip

Students will be able to apply the skills they've learned in the classroom presentation by taking a field trip and **riding the train** to either Hartford Union Station or New Haven Union Station.

Field trip will include:

- A dedicated CTrail guide
- Discounted tickets
- Meet-and-Greet with the conductor
- Rail safety awareness education
- Train station tour
- Train ride to/from either Hartford Union Station or New Haven Union Station
